

TEXANS DEFEND KLAN AFTER BATTLE

VITAL WITNESSES ARE MISSING FOR HIGHTOWER TRIAL

CALIFORNIA MAN FACES
CHARGE OF KILLING
PRIEST.

TWO ARE SOUGHT "Mythical" Witness and An- other Woman Wanted in Sensational Case.

(BY ASSOCIATED PRESS.)
Redwood City, Cal.—Important
witnesses were missing Monday
as the hour drew near for William A.
Hightower to go on trial for the al-
leged murder of the Rev. Patrick E.
Heslin, Catholic priest.

The state witness missing was
Marie Bianchi. She, with the priest's
housekeeper, Marie Wondel, alone is
known to have seen the cleric slain
by an unidentified man took him by
night from the parish residence on
the pretext that a dying man desired
spiritual consolation.

The defense witness missing was
"Dolly Masou," from whom Hightower
said he obtained information that
enabled him to find the priest's
shallow grave in the sands of Salina
beach.

Case Is Sensational
Hightower has protested his inno-
cence from the first and maintained
he would be willing to have a full
jury of priests sit in judgment on
him. The killing of the priest de-
veloped one of California's most notable
murders.

Rather Heslin was called from his
home at Colma, a suburb of San
Francisco, about 3 p. m. Aug. 2, by a
muffled stranger, who said he
wanted the priest to administer the
last sacrament to a dying man.

The two drove away in a small automobile.
The following morning Miss Marie
Wondel, the priest's housekeeper,
noticed the police of his failure to
return and search was begun. Miss
Wondel later identified Hightower as
the man who had called for him.

The day after the priest's dis-
appearance, the Rev. Edward J.
Hanna, archbishop of the Catholic
archdiocese of San Francisco, received
a typewritten letter demanding a
ransom of \$5,000. The letter stated
that if the money was not paid, the
body of Father Heslin or the re-
covery of his body would be the
price of Aug. 15. Hightower called at
the home of Archbishop Hanna.

William Hightower.

Guided by Hightower, police started
late that night for Salina beach,
a short distance southwest of Colma,
where Hightower said he believed
the body was buried. He declared a
woman companion, whom he now as-
serts was higher, was in the early
stage of recovery of his body. The
body of Aug. 15. Hightower called at
the home of Archbishop Hanna.

Priest's Body Found
Guided by Hightower, police started
late that night for Salina beach,
a short distance southwest of Colma,
where Hightower said he believed
the body was buried. He declared a
woman companion, whom he now as-
serts was higher, was in the early
stage of recovery of his body. The
body of Aug. 15. Hightower called at
the home of Archbishop Hanna.

On arriving at the spot the party
quickly uncovered the body. The
priest's skull had been crushed and
he had been shot twice.

The San Francisco police, suspi-
cious of Hightower's tale, kept him in
and they established him to the
own satisfaction that Dolly Masou
was a myth. A woman named Doris
Shirley, who Hightower had asserted,
had accompanied him to San Jose
from San Francisco for the purpose
of the murder, denied it, and Hightower
later admitted he had been
mistaken in the date.

Search of Hightower's room in a
San Francisco hotel revealed a
tent which corresponded with tent
ropes, pegs and flaps found at the
scene of the crime.

Sells His Decoys
E. R. Lloyd, 319 Peace Court,
ran a Classified Ad in the
Gazette offering decoys for sale. He
had no trouble at all in getting
buyers for all of them.

If you have anything that will
interest the hunter you can sell
it today through Gazette Classified
Ads. Decoys, boats, guns, or in
fact anything that a hunter may
be able to use, can all be
sold through Gazette Classified
ads.

If you have anything of that
kind and wish to sell it don't hesi-
tate about calling 75 on either
phone and inserting a classified
ad in tomorrow night's Gazette.

"V" HIRES MAN TO PUSH BOYS' WORK

Preston Has Associate Follow-
ing Presenting of Love-
joys' Memorial.

Appointment of I. E. Jolly, for
several years engaged in boys' work
among the steel workers at Gary,
Ind., as associate boys' director of
the Janesville Y. M. C. A., follows the
announcement of the creation of the
trust fund of the Lovejoy family.
Under the provisions of the fund,
the Y. M. C. A. will receive approxi-
mately \$3,000 annually in interest
for salaries of officers engaged ex-
clusively in boys' work.

Mr. Jolly arrived in Janesville
Sunday with his family. He will be
associated with A. C. Preston who
will devote his time mainly to com-
munity work, extending the work
among the boys in the branches al-
ready undertaken by the Y. M. C. A.
and many others.

Steuier Is Grateful.
Expressing his feelings with re-
gard to the Allen Perry Lovejoy
Memorial, J. A. Steuier, general sec-
retary of the Y. M. C. A., said: "The
memorial makes possible the exten-
sion of the work with boys regard-
less of Y. M. C. A. membership. It
is certainly the finest expression of
generosity in the early history of
which I have ever heard anywhere.
This is a challenge to the community
to see that the Y. M. C. A. work is
carried on effectively."

Dinner Thursday Night
To arouse the enthusiasm for
the annual membership canvass of
the Y. M. C. A., a campaign work-
ers' rally will be held at the Y. M. C. A.
Tuesday night in the gymnasium
with F. O. Holt, chairman of the
executive committee, presiding.
The dinner will be served at 6:30 and
it is expected every member of the
canvassing teams will be present. An
address will be made by Mr. Holt
and short talks by the division
chairmen, Charles Bouton, H. S.
Gargner, William McVicar and H. S.
Lovejoy. Mr. Steuier is selecting a
boy from the grades and one from
the high school to make a talk on
what the Y. M. C. A. has done for them.

Moving Pictures of Wisconsin
Y. M. C. A. camps, Manitowish, Phenom
and Sturgeon Bay will be shown
as will also post card pictures of
Rotterdam camp.

The canvass for the \$15,000 to
cover the expenses of operation for
the next year will open Wednesday
morning continuing until Friday
night.

Truck Bandits Rob Store of \$15,000 Goods

Milwaukee.—Police were informed
Monday of the robbery of the haberdashery of Harry T. Lund and com-
pany here some time Sunday night.
Fifteen thousand dollars worth of
clothing and men's furnishings were
said to have been taken by the men,
who apparently had a motor truck. A
look on the barred safety door had
been sawed through to obtain entry.

SWALLOWED PIN AS GIRL; WOMAN HAS IT REMOVED

New York.—Suffering intense pains
for many years, Mrs. Catherine Lawrence
of Brooklyn, editor of a weekly
newspaper, and author of several chil-
dren's books, learned Sunday that it
was caused by a pin which was swal-
lowed when she was a child.

Two weeks ago, she went to the
Great Point hospital. An X-ray pic-
ture revealed a pin embedded in the
tissues of her abdomen. An operation
was performed. Her condition became
precious and blood transfusion was
thrice resorted to.

Sunday Mrs. Lawrence showed signs
of improvement and she was told for
the first time of the pin and she re-
called that when a child, making a
doll dress, she had pin in her mouth
and swallowed it.

SCENT FOUL PLAY; ORDER EXUMATION

Body of Millionaire Will Be Dug
Up to Determine Cause
of Death.

(BY ASSOCIATED PRESS.)
Lawrence, Mass.—The body of Ed-
ward F. Seale, reclusive millionaire of
Methuen, was ordered exhumed for the
purpose of holding an autopsy Mon-
day. District Attorney S. H. Donnell,
in making this announcement, said he
followed anonymous reports to him
that Seale was poisoned, said he had
a belief that death was due to poison
or violence.

The body of Seale is interred in a
tomb on his walled estate at Methuen.
The estate is now occupied by Mrs.
Mary Allen Howland and her two sons,
relatives of the reclusive, to whom he
bequeathed it on condition that they
maintain a school for Seale's children.
The principal beneficiary of his millions
was Arthur T. Walker of New York,
who assisted him in legal matters.
The estate has been valued at
\$1,000,000.

The Seale's fortune was largely that
of Mark Hopkins, California rail-
road magnate, who was Seale's father.
He was killed in a court proceeding,
"partly out of affection and partly for
her money."

Beloit Booze Cases Are Up in U.S. Court

Madison.—Purchase of 17 quarts of
moonshine liquor by Albert Young-
bluth of Middleton, to celebrate his
father's birthday, brought a \$100 fine
when he was arrested and his case
disposed of by Judge Claude Z. Lusk
in United States district court here
Monday.

Three alleged moonshiners from Be-
loft were given a hearing before Ju-
dges Lusk and Stewart today. They
pleaded guilty to violation of the
law, to be brought before a jury
Monday. Carretta Jones and her hus-
band, Herbert, colored, of Beloit, will
have their case go to the jury Mon-
day. The case against Elizabeth Jenkins,
colored, of Beloit, was dismissed.

Schoolboy Is Found Hanging; Murder Seen

Chicago.—Mystery in the finding of
the body of Samuel Buffington, 14
year old high school student, hanging
in a closet in his home Sunday night,
has been solved. A police investigation
of what is believed may be a peculiarly
diabolical murder.

The body was found by the boy's
mother, Mrs. M. A. Buffington, at
1000 North Dearborn St. Police re-
mains of the body were found in the
closet, a cord was around the neck,
and the hands were bound with
other rope.

There were no signs that the boy
could have stood on a box or other
article while fixing the rope and then
kicked the box from under him.

David Bispham, Baritone, Dies; Ill Six Weeks

New York.—David Bispham, bar-
itone, and one of the best known
American lyric artists, died of in-
fluenza Sunday after an illness
of six weeks. He was 64 years
old. A wife and two daughters sur-
vive him.

SUPERIOR MAN NOT GUILTY, SAYS JURY

Madison.—Adolph Carlsson, Su-
perior hotel proprietor, was found
not guilty of violating the federal
Mann act, by a jury which returned
a verdict at 10 a. m. Monday
in United States district court. He
was indicted by a grand jury of La
Crosse, Dec. 3, 1919, on four counts,
charging him with transporting two
superior girls from Iron River, Wis.,
to Duluth, Minn.

AMATEUR OPERATORS CLUTTER AIR WITH FREAK MESSAGES

"I am learning to send messages
by wireless."
Amateur wireless telegraph op-
erators had the air so thick with
messages Saturday night that it was
impossible for the state division of
messages to get the football
scores by wireless telephone at the
Gazette office as planned. The above
message, sent in code, was a sample
of the conversation cutting through
the air. The state division of mes-
sages, which is in charge of the
state division of messages, was
annoyed by the amateur operators.

The state men worked for nearly
two hours without success.
It is more difficult to hear at
night because the sound waves are
variable," explained Mr. Littleton.
In the day time, they are fixed. As
we heard the market reports at the
Gazette office plainly in the early
evening, and all markets would be
sent about noon daily and not at
night. We will make tests at Mon-
day this week and at other points
between a radius of 40 to 50 miles of
Madison, using a 35 or even cheap-
er receiving outfit. We plan to try
out all makes of receiving stations
before recommending one for the
farmers to install.

Snow Falls in North Counties

Milwaukee.—With snow reported
from Wausau, Wis., and Ironwood,
Mich., Monday, the earliest in his-
tory, little damage to crops was re-
ported as a result of frost here
early Monday, when a temperature
of 24 was recorded. Forecasters W. P.
Stewart said. Heavy frosts were re-
ported from Central and Northern
Wisconsin. In Cass, reported tem-
perature of 36, and Winona and Su-
perior 34. Light frost was reported
from Green Bay, where the temperature
was 38.

Mr. Stewart said no damage was
done to crops.
The farmers of the season and the
fact that crops matured earlier
than usual this summer, prevented
damage," he said.

\$1.75 October Price for Milk

For October the Chicago Market-
ing company price for milk will be
\$1.75 a hundredweight, an increase
of 25 cents, it was announced Mon-
day by R. K. O'Connor, director
of the company and president of the
milk association. For September
milk the spread charges will be 10
percent.

J. F. Williams, one of the new
officers of the marketing company
will speak at a meeting in Footville,
Friday.

The farmers want facts on the
present issue of the marketing com-
pany will get them during the
Footville meeting from Mr. Wil-
liams," stated President O'Connor.

It is understood that the 25 cent
increase will be the retail
price in Janesville this month.

COTTON MARKET IN SENSATIONAL BREAK

New York.—The cotton market
here made a sensational break Mon-
day, following publication of the of-
ficial crop condition figures by the
department of agriculture. After
selling up to \$21.85 for December
delivery, a new high record, prices
drove \$9.50 to bale.

**No Action on Rail
Strike Before Oct. 11**
Chicago.—Railroad unions will
take no action on the strike question
before Oct. 10, and possibly not for
some time after that.

This announcement was made
Monday by E. M. Jewell, head of the
railroad employees' department of the
American Federation of Labor, fol-
lowing a conference of executives of
the 26 railroad labor organizations.
The Brotherhood of Railway
Trainmen with 185,000 members,
and the Federated Shop Crafts, with
about 400,000 members already have
voted to strike.

BOY, 10, BRAVELY DEFENDS MOTHER IN DIVORCE SUIT

TELLS COURT OF TAKING
NOTES TO "THE OTHER
WOMAN."

WAS THREATENED Evansville Case of Noll vs. Noll Warmly Con- tested.

Ten-year old Paul Leonard Noll
took the witness stand in the Rock
county circuit court Monday to tes-
tify in the divorce action brought
by his father, Paul Noll, against
his mother—and little Paul, "spilled
the beans."

After hearing all testimony,
Judge Grinn denied the divorce,
and ordered the husband to pay the
husband to pay all costs and
attorney's fees amounting to \$50.

The father in his testimony and
in the complaint alleged the wife
neglected to care for the child,
household cleanliness and was jeal-
ous. He had charged that all during
one winter his wife had taken
but one bath and refused to change
her underwear.

Son Took Notes.
Then little Paul took the stand.
There had been intimation of "the
other woman" during previous tes-
timony stated to be Mrs. Minnie
Tolles, Evansville, recently divorced.
After the child testified the court
he knew the meaning of an oath he
was questioned.

"Did you ever take any notes to
a certain woman for your father?"
questioned Attorney M. O. Mount,
appearing for the wife in her con-
test of the divorce.

"Yes sir, my papa gave me notes
to take to this Minnie Tolles—about
a dozen of them. Sometimes I got
notes back from her to take back
to father, replied the child.

Defends His Mother.
Every one in the court took addi-
tional interest in the case at this
point.

"What did your father tell you?"
questioned the attorney.

"He told me that at I told, he
would give me a good spanking, I
got to tell the truth now, haven't I?"

The boy defended his mother
stoutly in claims of the father that
she neglected to care for the child,
household cleanliness and with-
out proper clothes. Cross-examina-
tion by Attorney Thomas S. Nolan
failed to shake him or his state-
ment. The boy declared both his
father and mother were good to him.

Death Stalks in Once Busy Port, Thronged With Cold, Hungry Refugees

(BY ASSOCIATED PRESS.)
Astrakhan, Russia.—Hopeless
groups of famine refugees crowded the
wharves of Astrakhan, which, in
happier times, were filled with the
families of commerce. Bitter rains are
falling almost continually and the
first snow of the Russian winter has
whitened the roofs of buildings, but
the throngs of emigrants have no
shelter while they wait, perhaps
valuing for transportation to the Ku-
ban and Don regions, where they
obtain food. Astrakhan is a
city of misery and suffering and
death.

The traveler who has seen Russia
in times of plenty may expect to
meet with a rosy, round faced peo-
ple. Disillusionment is in store for
him, however, for everywhere "ho-
sies thin faces, the skin of which is
white as the skin of a corpse, and the
cheekbones. He remembers Astrakhan
filled with industries and com-
merce, but he finds it only a shade-
less wasteland, where the few indus-
tries have been divided 70
per cent. Where once 2,000 ships
daily sailed up and down "Mother
Volga" there are now scarcely 100.

Death seems to dog the footsteps
of the refugees. They are fleeing
from starvation, but many hungry
children and adults die from the
first food they eat, the very bread
they have striven for, proving fatal
to them in their weakened condi-
tion. Meat or bread cost 3,000 rubles
formerly, but now it costs 30,000
rubles. There are few who have money
to pay this price day after day.

Disease has played its part in the
rain. Black typhus has taken a ter-
rible toll in the districts farther
north as well. Forty out of every
100 physicians died during the awful
summer. During the past summer,
scarcely one of thousands of victims.
When one asks the people the
cause of the present terrible condi-
tion of affairs, the inevitable an-
swer is:

"There has been no rain."
The only ray in the gloom is
the fact that the potato crop was
largely normal and that for the most
part this crop is helping in the solu-
tion of the problem of hunger.

Medicines cannot be found here.
In the entire province of Astrakhan
only five 10,000 square rubles
there are only 500 grains of quinine.
It is declared. The correspondent of
the Associated Press has visited sev-
eral homes where malaria patients
are lying on their backs, and he
found the mothers or wives of sufferers
sitting in blank despair, saying:
"We have no quinine, we can do
nothing."

A floating hospital is maintained
at one point in the Delta of the
Volga, where sick sailors are taken
from Caspian sea vessels. The
crews of the ships are quarantined
and lack of medicines occurred there
in August. Dr. Novikov, in charge
of this hospital, wept for joy when
given a supply of quinine and castor
oil.

Keepers Die; Light Fails.
Along the western coast of the
Caspian stands the island of Saliot,
where once the greatest trading
center of the Caspian was located.
Mariners noticed the light house on
the island was darkened, and landed
to investigate. They found in
the lighthouse the keepers dead from
starvation. They had eaten
their shoes and had boiled fur skins
to maintain life and one by one had
succumbed. The light going out, and
the last of the 12 sank in death.

**KILLS SELF AFTER

(BY ASSOCIATED PRESS.)
Green Bay, Wis.—The man
who killed himself Sunday after sev-
erely beating Sam Lee, Chinese
laundryman, was established by a
county grand jury Monday morning
as Fred Hardek, a Russian. Hardek
was identified as a man from army
discharge papers issued at Camp
Bauregard, La. His home is be-
lieved to be in Munsing, Mich. A
picture of the man was attached
to the body, according to this morning's
report.

FAMILIES SMALLER THAN DECADE AGO, STATISTICS SHOW

Washington.—Decrease during the
last decade in the average number of
persons in the family and in the aver-
age size of the nation's population, as
indicated by comparative statistics made public
Monday by the census bureau. The
1920 census showed a statement said,
that the nation's population was
grouped into 24,351,676 families re-
siding in 20,657,304 dwellings mak-
ing an average of 4.3 persons to a
family.

In 1910 the average number of per-
sons to a family was 4.5 and to a
dwelling 5.2. The average in both
cases was still higher in 1880, five per-
cent. The family and the dwelling
and has declined steadily since.

The census bureau applies the term
"family" to a group of persons,
whether related by blood or not, liv-
ing together in one household. One
person living alone is counted as a
family, while the occupants of a hotel
or institution regardless of their num-
ber are counted as one family. An
entire apartment house, although the
home of many families, constitutes
only one dwelling in the census bu-
reau classification.

Appearing before the county at-
torney Sunday, the delegation of
Lorena citizens declared they be-
lieved a serious offense had been com-
mitted and that the charges were
justified to be done, the resolu-
tion signed by more than 200 citizens
and published Monday, they set forth
several "statements" in order that the
citizens of Lorena might be fully in-
formed of the facts and the "tragedy
which was enacted in our
little town Sunday night and which
we deplore."

The resolution exonerated the Ku
Klux Klan, saying that it was a "stat-
ute" and that the charges were "un-
founded." It also stated that the
Klan had violated no law, or
intended to violate the law by stag-
ing their parade, and asserted:
"We unequivocally place the blame
for the shedding of blood on the
sheriff."

**ATTEMPTED HULDER?
WOMEN WONDERING**
There is speculation whether a man
attempting to halt a car driven by
Miss Margaret Duthie, River avenue,
near 3rd St. on Saturday night, caught
a party in the act of stopping the
car and eluded the stranger as he
sought to jump on the running board.
The Janesville woman was going to
a party in Beloit and was driving on
the concrete road. As they neared Be-
loft they saw an automobile, with
motor running, parked by the road-
side. One of the men, who was un-
masked in order to establish their
identity.

Spectators told of seeing the sher-
iff step up to the leader of the al-
leged parade, and that he was at-
tempting to snatch the mask from his
face. "A free for all fight ensued, in
which several shoes were fired and
knives thrust, made."

**HOUSTON BREEDERS
AUTHORIZE OLDHAM
TO VOTE FOR THEM**
Proxies of Rock county members of
the Houston Breeders' association
were handed over to L. L. Old-
ham, state secretary, during a meet-
ing in the court house Saturday after-
noon. The secretary will represent the
county at the National Dairy
show in St. Paul.

"Rock county breeders should act as
a unit, declared J. A. Craig during a
short talk before the breeders' meet-
ing. He said that the county meet-
ing to be held in December will be in
charge of J. A. Craig and J. L. Fisher,
Janesville and W. W. Cockett, Beloit.

First Meeting Tuesday—The first meeting of the fall season will be held at the Country club Tuesday afternoon. Automobiles will leave the library and the Northwestern station at 12:30. The officers for the coming year are: Mrs. Matilda Calkins, regent; Mrs. E. E. McCoy, secretary; Miss Franc Edwards, treasurer; Mrs. John Rexford is heading the committee in charge of the afternoon.

First Fall Meeting—The first meeting of the Business Women's club of the fall season will be held in the Methodist church parlors Tuesday. A banquet will be served at 6:30 to which all employed young women are invited. Miss Katherine Ketchum is president.

Return to City—Mr. and Mrs. Francis J. Martin have returned from their wedding trip, spent at Omaha, Neb., and Denver, Colo. They are at home to their friends at 715 School street.

Meet with Mrs. Nichols—Mrs. John R. Nichols, 1122 Milton avenue, will entertain the Social Arts club at her home Tuesday night.

With Mrs. Sage—The Monday Kensington club is meeting Monday afternoon with Mrs. Fred Sage, Sherman avenue. The time is spent in sewing and at 5:30 Mrs. Sage will serve a tea.

For Niece—Mr. and Mrs. John Rexford, Sinclair street, gave an informal Sunday night lunch, complimentary to their niece, Mrs. Dorothy Addy Bier, Washington, D. C., who is their guest for a few days. Five couples enjoyed the affair. A buffet lunch was served.

Postpone Meeting—The Saturday afternoon club that was to have met last week with Mrs. Ralph Souther has been postponed until October 8.

Dinner for Mr. Kuhlow—Mr. and Mrs. W. J. Sullivan, Benton avenue, gave a dinner Sunday night for Benjamin Kuhlow whose marriage to Miss Ann Sullivan will take place this month. A two course dinner was served at 7 o'clock. The guests were eight young men, members of a club.

Entertain at Samson Club—Messrs. Thomas O. Howe, J. E. Whitten and Wayne A. Reed were co-hostesses at a one o'clock luncheon Saturday at the Samson club-house. It was one of the largest affairs of the fall season, there being more than 150 guests present. The host-

esses, assisted by Mrs. Don Jeffris, Winnetka, received the guests in the hall, which was decorated with cosmos in baskets and bouquets. The luncheon was served at three long, oval small tables in the hall. Dahlias and zinnias in different colors were baskets on each table and a large one, filled with dahlias on the marble floor, brightened up the room. In the living room, pink roses and blue larkspur were used at the east end, while white baskets, filled with mixed yellow flowers were used in the opposite end.

Following the luncheon, cards were played in the large school room, at the east end of the building. Twenty-seven tables were occupied. The prizes were taken by Mrs. E. S. Lovejoy, Mrs. J. P. Thorne and Mrs. F. C. Blinneweis. A number of the guests who do not play cards enjoyed a social afternoon in the hospitable living room. This luncheon was one of the most delightful of those given this fall in the city. The hostesses were Roy Wisner, Hugh Craig, H. G. Hornecker, Arthur Bauman, John Hanchett, Edward Amerpohl, M. Pierce, M. O. Monal, Frank Slavson and M. H. Michaels.

Has Birthday Tea—Mrs. Charles Stevens, La Vista flats, South Main street, entertained a few friends Saturday at a five o'clock tea. The guests were invited in honor of her birthday. Mrs. Stevens received a number of beautiful gifts as souvenirs of the day.

Meet at School—The young people of the St. Paul's Lutheran church will meet in the school of the church Tuesday night.

With Mrs. Dumphrey—The Loyal Women's Club of the First Christian church will meet at 7:30 p. m. Monday with Mrs. James Dumphrey, 355 Milton avenue.

Regular Meeting Tuesday—The members of the Service Star Legion will meet at Janesville center at 7:30 Tuesday night.

Orfordville Couple, With 61 Descendants, Observes 50th Wedding Anniversary

With a church service attended by more than 200 people, Mr. and Mrs. Christian Wilhelmsson Stavn, both residents of Rock county since 1864, celebrated their 50th wedding anniversary in the Orfordville church Sunday afternoon. The services were conducted by the Rev. L. M. Gimmesrud.

Mr. Stavn is 73 and his wife is 75 years of age. They have eight children, 50 grandchildren and three great-grandchildren, nearly all of whom attended the anniversary service. One son, Carl Stavn, a veteran of the World war was unable to attend, being in Arizona seeking to regain his health, having been crippled while in the army.

Both born in Norway, Christian W. Stavn was born May 29, 1848 in Flaa Hollingsdal, Norway. His wife, Kari Halvorsdatter was a widow and had two boys when she married Mr. Stavn. She was born in Norway, February 20, 1844. They were married September 10, 1871 and came to Orfordville in 1884 where they have lived since.

There are seven living children: Halvor, Madison, William, Orfordville; Knute, Janesville; Ole, Hanover; Chris, Stoughton; Mrs. Morris Tecken, Hanover; and Carl, now in Arizona.

Mr. and Mrs. Stavn's children, by their first marriage, Gunhild Tollefsrud and Ole Tollefsrud, are now living in Minnesota. The oldest child of the couple, Barbara Stavn, died in Sauk Center, Minnesota.

Runs Farm Despite Age
For a number of years Mr. Stavn was a shoemaker in Orfordville, this being his trade in the old country. He then bought a little farm a mile from the village on the Footville road. Although 73 years of age he still runs the farm, being active and a skilled producer. His tobacco always brings the top price.

"I have always worked all my life and I expect to," he declares. "I believe one should be of some use. I would not know what to do if I stopped working. Work is my pleasure for I love to see things grow."

The father can still write with a clearness and fluency that is surprising. Each letter and word is as perfect as if it were printed. He overcomes the same care as employed in handwriting to the growing of his tobacco and crops.

In the Orfordville church there were services attended by the family and friends and then a banquet. Tribute was paid to the family for their long period of service and worth to Rock county.

The White House and your house

We guarantee ARCOLA to warm any small house as perfectly as our larger heating plants warm mansions, clubs, cathedrals, and even the White House itself

WE guarantee that ARCOLA has these five advantages which no small-home heating equipment has ever offered:

- 1—Connected with American Radiators it will fill every room of a small house, upstairs and down, with healthful hot-water warmth.
- 2—It will save the waste and labor of a half dozen old-fashioned stuffy stoves.
- 3—It will reduce your fuel consumption room for room at least one-third of the amount consumed by stoves or hot-air furnaces as proved by the experience of thousands of ARCOLA owners.
- 4—Connected with the kitchen tank it will provide an abundance of hot water for washing and bathing.
- 5—It can be installed easily and quickly without the slightest disturbance to the family.

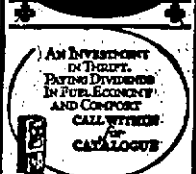

This is no ordinary guarantee. It is offered by the largest manufacturer of heating equipment in the world.

The perfection of ARCOLA, after years of experiment in our research laboratories, means that now, for the first time, the small home can be as perfectly warmed as our larger heating outfits warm clubs, mansions, and even the White House itself.

And the cost of ARCOLA with American Radiators complete is—think of it—no more to install than a stove for each room.

Make up your mind to save a third of what you have been spending for fuel. See ARCOLA in the store of your Heating Contractor today.

The red and yellow card at the right is the sign of a Heating or Sanitary Engineer (formerly called Steam-fitter or Plumber) who can show you ARCOLA. Look for it in his window. It will pay you to consult him twice a year as you do your Doctor or Dentist. To have him examine and report on your heating and plumbing costs little. It may save you a very great deal.

HELP BOY TO LIVE CLEAN LIFE, PLEA

State Industrial School Head
Tells Why Boys "Go
Wrong."

Urging teachers and parents to pay more attention to the boy from 10 to 15 years of age and help him keep straight, P. C. H. Froemming of the state industrial school for boys at Waubesa, gave some reasons why boys "go wrong" and what can be done to help them, in his talk before the county teachers rally at the high school Saturday.

"Ninety per cent of the boys go wrong through neglect and abuse. With environment a big factor," he stated. "When the idols of the boys, now from 10 to 15 years old, are prize fighters, such as Charlie Chaplin and Fatty Arbuckle, how can you expect a boy to have high ideals? And it is only through lack of ideals that boys become delinquents."

Bad Examples, Cause.
When bad examples are set by some of the outstanding men of the community, whom boys have looked up to as models, they should not wonder why the boys are not successful. That is often one of the worst shocks in a boy's life—when his ideal is shattered. Is it any wonder that boys go wrong when so many men are going wrong all the time?"

Prin. Froemming stated delinquency is more easily excused in a boy than in a man. When in that condition, he said, when a boy has savage concepts of right and wrong, he stated. During this period a boy wants to be doing things and making things and he does not stop to consider whether they are right or wrong.

The boy should be made to pass through that period when he would rather be with the "gangs" than at home and seems to care more for his pals than his mother and father, and should be kept from making those habits that cause delinquency in later life.

Don't Break the "Gangs"
By this he explained he did not mean that the "gangs" should be broken.

Many of its fine qualities should be put to use, by organizing it into a club and having the boys meet in the different homes, he said. "The gang has its own code of morals, which are different than those of a man. The reasoning of the gang is different also, and what is good reasoning to the man is not clear to the boy. Parents and teachers should take these points into consideration in bringing up a boy and should inspire the boy with high ideals, as the end of vision means the end of the individual as well as the nation."

A talk most directly to the teachers for help in solving some of their problems, was given by Prof. W. C. Hewitt of the Oshkosh Normal school. His topic was "How We Keep Alive." Following Prin. Froemming's talk, Prof. Hewitt made some remarks to boys. He stated that he gave his sympathy to the boy who was in the "social whirl," no matter what kind it was, before he was a money earner. His statement that no girl should go with a boy who is but spending money which was given to him by parents, elicited applause from the teachers.

speech, and he told many incidents of the solving of some boy problem or the child problem by having the child create something, no matter how small or inconsequential.

"I don't see how any person can say he is living unless he is creating something. Unless we are always making something new and better, we are of no help to anybody and have no excuse for living. This can also be applied to the child. He has the creative instinct and often the least litigious thing to play with which he can use to make something, will be the making of that child. It is no wonder some children are spoiled and other a problem to their parents when they

are growing up in a house where everything is made. All their toys are made and are soon of no interest to them. In cases like these, when the child is given a tool of some kind, with which he can make something, a different child is soon seen and the problem of the parents is settled. A teacher, in order to be a help to all the children and be their model, must be in everything that is going on and must enter the play activities. One of the greatest compensations of a teacher, he stated, is the realization that she is of some spiritual help to a small child."

Constructive criticism, the result of their inspection of the county schools,

was given by the county nurse, Miss Anna Lautscher. Among other things, she urged that the teacher send the child home who has a bad cough or who shows the slightest signs of sickness. She urged uniform health teaching in the county schools and for this purpose gave out a number of booklets to be used. Fresh air, she stated, is lacking in many schools, and all school rooms are not as clean as they might be. Helpful suggestions for the better health of the teacher and pupil were given.

Miss Lautscher's talk was the last of the all-day program for 200 local county teachers here for the ninth annual educational enthusiasm rally.

NOW PLAYS LIKE OTHER CHILDREN

Happy Milwaukee Mother Says
Tanlac Was Blessing To
Her Little Girl.

"I will always bless the day I bought Tanlac for our little nine year old daughter for the medicine has made her so healthy and strong that she can get out and romp and play and have just as big a time as any of the other children in the neighborhood," says Mrs. Martha Tanner, of 323 26th Ave., Milwaukee, Wis.

"It has certainly lifted a burden from my heart to see her looking so well, and I can never praise Tanlac enough for what it has done for her. My little girl had no appetite at all, before taking the medicine, had no color in her face, and was crossy all the time and seemed to have no energy. She was in such a weak, nervous, run-down condition she had to stay out of school three or four days a week, and although we were constantly doctoring her nothing seemed to do her a particle of good."

"We noticed a change in her, however, before she finished her first bottle of Tanlac, for she began to eat and sleep her food and gain in weight. Since taking three bottles of the medicine she is in school every day, has a bright rosy color, and just seems like a different girl. I don't know what we could have done if we hadn't gotten Tanlac for her, and words can't express our gratitude."

LACK OF FROST
FAVORS THE CROPS

Late Fall Helpful but Much
Rainy Weather Delays
Harvest.

[By Associated Press.] Wisconsin have been favored by the absence of frost and made a further improvement during the past week, according to the report of the crop reporting service. Wet weather, however, has delayed the harvesting of crops standing in the field to some extent.

Corn husking, shredding, and silo filling is said to have been delayed on account of heavy rains. Work has been held up for several days during the week. Bar worms are reported to have done considerable damage to the corn in southern counties.

Potatoes are still making a slow growth where the vines are still green. In all sections, excepting the central counties, digging is under way. While grubs are damaging tubers, the report says.

Winter Grains Fine
Excellent progress is being made by winter grains, which are already up. Early sown fields are said to be in especially good condition. The seeding of rye continues under favorable conditions, according to the report.

The new seedlings of the drought-resistant corn are being planted in the middle of the season. Cabbage has made slight gains, with the harvest of later types begun.

Root crops, including sugar beets, are said to be growing well. Livestock is said to be improving, with the condition of the pastures.

Honey Crop
Increased activity is shown in the Wisconsin honey market due to the reduced crop, the state department of markets says in its bi-weekly letter. The production of 4,144,000 pounds of honey is approximately 1,000,000 pounds less than last year.

The season for apples is said to be extending early, with 47 carloads having already been shipped from state points, compared to eight carloads at this time last year. Reports show that the crop will amount to 125,000 barrels as compared with 130,000 barrels produced in 1920.

A cabbage crop only half the size of that produced last year is estimated by the department, which says that 75,000 tons are expected, compared to 150,000 tons in 1920. Prices paid for the crop are said to be considerably above those of last season.

Short Potato Crop
The outlook is for a decidedly short crop of potatoes this year, the state department of markets says in its bi-weekly news letter. Between 15,000 and 17,000 loads are expected, compared to 25,000 produced last year.

This quality and condition of the crop is said to be good, although there is some scab, and the tubers are small in some sections. At Wisconsin shipping points, the quality is being paid \$1.25 to \$1.50 for U. S. No. 1 round whites, and 80 cents for U. S. No. 2, the department reports.

The compulsory inspection service is said to be progressing favorably at this time. Inspectors are reported to have been appointed at nearly all shipping points and shippers are required to have cars ready to load or ship.

PUBLIC LANDS ARE
TO BE CLASSIFIED
FOR SALE AND LEASE

Madison—The commissioners of public lands, composed of Elmer S. Hall, secretary of state, Henry Johnson, state treasurer, and William J. Morgan, attorney general, are leaving Monday for a trip over the 300,000 acres of state lands in northern Wisconsin.

The commissioners intend to investigate the state land holdings, especially those bordering on lakes, and to adopt some definite policy for their leasing. They will also formulate policies for leasing state land for hay, stumps, and timber cutting rights.

Special attention will be paid to the question of granting privileges to citizens on land bordering on the lakes on the state property. At present individuals are allowed to take over the land and six hundred feet for their own personal use, with no definite regulations concerning its use.

It is intended to establish a uniform form of lease, to establish regulations that will govern citizens who receive privileges for private use of the lake property.

Trouble has developed this year over the state land and the commissioners will try to remedy the situation and set up rules that will govern its disposition in the future.

NORMAL SCHOOLS ASK
FOR NEW TEACHERS

[By Associated Press.] Madison—Normal schools will ask for 14 new teachers to meet their increased attendance of 1,000 students, when the state board of education meets Thursday. The board has \$50,000 which it is authorized to allow for additional normal school instructors.

It is expected that the state board of education will act for an extension of teaching conditions in normal schools before granting additional teachers. A study of the size of classes, and a careful survey of instruction, conditions in the teacher training institutions is being made by the state board.

No increases in salaries of any instructors is being asked by the normal schools.

BURPEE GOES TO
MAYO'S HOSPITAL

Attorney F. C. Burpee, who has been seriously ill at his home, 314 St. Lawrence avenue, for some time, left Saturday night for Rochester, Minn., where he will take treatment at the Mayo Brothers clinic.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have
Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a well-known vegetable ingredients mixed with olive oil, jamming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, "sweeping out" the normal action, "sweeping out" the waste and poisonous matter in one's system. If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and even take Dr. Edwards' Olive Tablets—the medicine for constipation or "colon"—now, then just to keep them fit, active and young.

Sharon

[By Gazette Correspondent.] Sharon—A miscellaneous shower was given Friday evening by Mrs. Charles Shager, Sharon, and Mrs. J. J. Shager, Rockford, at the home of the former in honor of Mrs. Clara Powell. A large number was present and a pleasant evening enjoyed. The bride received many beautiful gifts.

The ball team of the Clinton high school came to Sharon Friday afternoon and played the local high school team. The score was 16 to 1 in favor of Sharon. The women's club held a special meeting Friday afternoon at the home of Mrs. R. B. Rector. The names of 11 new members were voted on.

The pupils of the sixth and seventh grades gave a fine literary program at the school Friday afternoon. The subject being "Tobacco and Cigarettes." The members of the W. C. T. U. were invited and a fine program was given. Miss Gladys Williams, Fontana, arriving here Friday night to visit with relatives over Sunday.

The members of the freshman class gave a party at the school Friday night. Each member was allowed to bring one guest. All reported a fine time. F. M. Willey was a business visitor in Darion Saturday forenoon. Miss Ida Sherman went to Janesville Friday to visit with her sister, Mrs. Ernest Bohman. Dr. Dodge, Clinton, was called here Friday to attend Mrs. Fred Wolf, who is ill. Mr. and Mrs. Carl Frederick, who are the latter's mother, Mrs. Canabson, went to Janesville Friday. Mr. and Mrs. Lou Herluggson were Clinton visitors Thursday evening. Mrs. T. J. Crew and daughter, Mrs. Jeanette, Mrs. Ella Finn and Miss Aggie Kinney did shopping in Janesville Saturday. Mrs. Ralph Tanner and daughter, Orlando, Pa., are visiting at the home of Mr. and Mrs. Frank Long and calling on Sharon friends. Mr. and Mrs. T. James and daughter Esther, accompanied by Mr. James' parents, who reside near Janesville, motored to Koshong Saturday to attend the wedding of Mr. James' brother, Carl James.

Mr. Moser, Allens Grove, spent Friday with relatives in town. Mrs. Wilson Rector, Marshfield, spent Friday at the R. B. Rector home.

Fontana
Fontana—Mrs. Clifford Sullivan did shopping in Walworth Wednesday. Miss Lucy Johnson, Walworth, spent Thursday night with Zella Bonas. Mr. and Mrs. Hugh Sullivan motored to Delavan Friday night. Mrs. Sullivan remained until Sunday. Word was received here that Mrs. Moran, residing near Delavan, passed away at her home. Mrs. Moran was the mother of Mrs. Fred Simmonds of this place. Mr. and Mrs. Clifford entertained Helen Sullivan Friday at their beautiful lake home. Mrs. Sullivan is spending a week with her daughter, Mrs. Walter Robinson. They spent Friday with Mr. and Mrs. Joseph Leddie, Walworth. Mrs. Charles Roedel, Corns, called on Mrs. Leddie Roedel Friday. Miss Jackson is visiting her aunt, Mrs. Edward Ingalls, Walworth.

Darien
Darien—Mrs. Roy Winter, Twin Lake, is spending a couple of weeks with her father, William Parks, and other relatives here. Miss Hattie Garbutt and Mrs. Lynn Lester, Beloit, attended the homecoming here Thursday. Miss Garbutt remained to visit friends for a few days. Mrs. Ernest Dattlett was called to Brookline Thursday by the sudden death of her mother. Mr. and Mrs. Alden Locke and family, Emerald Grove, moved here Thursday. They have purchased the W. C. Baker home. A son was born to Mr. and Mrs. William E. Linger at Delavan hospital Friday. Mr. and Mrs. Emmett Woodford, Beloit, are spending a few days with the former's brother. The freshmen of the Delavan high school were in line here Friday afternoon. Mrs. H. C. Deardsley, who has been very ill, is much improved. Mr. and Mrs. Theodore Kugler, Fairfield, are settling in their new home which they purchased from Henry Boese.

STATE SCHOOL FOR DEAF
[By Gazette Correspondent.] Delavan—The teachers' association for the State school for the deaf held its first monthly meeting Friday night, electing the following officers for the ensuing year: President, Miss Edith Matteson; vice president, Mrs. Edith Matteson; secretary, Miss Marcena Oaks. All three were former teachers of the Sioux Falls, S. D., school for the deaf. Pres. Matteson appointed Mrs. Cochran to act with the teachers in arranging a program for the year's meetings.

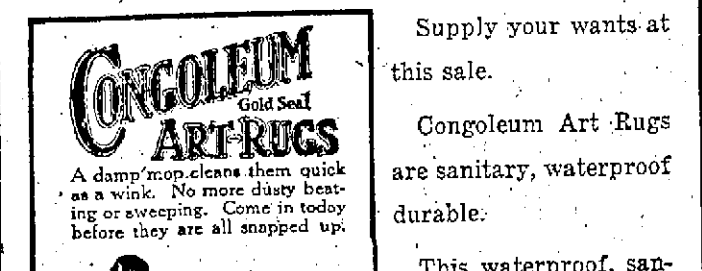

Supt. T. Emery Day explained the provisions of the new teachers' retirement fund act and announced that Gov. Blaine and party had arranged a tour of inspection of the state institutions in the southern part of the state and would probably be here the early part of the week. Coach Niesam of the state school is busy developing the scant material he has and building up a football eleven. As a number of last year's members of the team did not return this fall, and most of the new boys are small, the outlook is far from promising. When one considers that there are generally only from 25 to 30 big boys selected a team from it is phenomenal that they have been able to defeat teams of large city high schools.

Miss Edith Matteson attended a miscellaneous shower for Mrs. Blanch Wetmore at the home of Mrs. Steven Searls, Janesville road, Thursday afternoon.

What the Y. M. C. A.
Does Every Day

What It Will Do Is Up To You

The best argument we can make why the Y. M. C. A. should be supported is to show some of the things the "Y" has done, and is doing every day. Read over this partial list of its activities and then ask yourself whether this work is worthy of your support. Isn't it better for our young future citizens to engage in such body and mind-building activities than in mischief and evil!

Remember this: In supporting the Y. M. C. A. you are not making a blind donation—you are not backing something you know nothing about, something far from home. You are contributing to the betterment and prosperity of your own community; you have the satisfaction of knowing undeniably that Janesville is a better place to live in because of you.

Boys' Track Meet—150 boys competing from all schools, St. Mary's School winning the trophy.

A Tennis Tournament, 35 members, and a 6-man team representing Janesville, sent to Milwaukee to compete in the State Tennis Tournament.

Swimming taught to 21.

Volley Ball matches between local business men, also with Madison and Stoughton business men.

Nine different groups in gym classes, being News Boys, Juniors, Jr. Grade School, High School, Employed Boys, Vocational School, Young Men's Classes, and Business Men.

Popular Turkey Run on Thanksgiving Day.

Half-mile swimming contest this Summer on river.

Conducted Grammar School Base Ball League, each School furnished with a coach. Nine teams in League. 45 games played, Washington School winning the pennant.

Heart examinations and advice given to men, and advice given to men on health with special exercises.

Inter-church Community Basket Ball, lasting three months with 10 teams, 8 men on a team; St. Patrick's winning the pennant.

Circus in co-operation with Rotary Club.

Conducted track meet for School for Blind.

Last Fall Dr. Chas. E. Barker, who was in Janesville under the auspices of the Y. M. C. A., gave a series of health talks, in which he reached over 2500 people, speaking at the High School, at the Rotary Club, and in a series of addresses to the general public.

Total attendance of Gym classes and individual work on the gym floor, in such as boxing, wrestling, hand-ball, and fencing, and actual class work, numbered 9038.

A special class was conducted for the boys of the Vocational School. The school authorities making it possible for these boys to come to the Y. M. C. A. during the regular school period, and the Y. M. C. A. conducting the work with them with no financial remuneration.

Through the physical department five decisions by individuals for the Christian life resulted.

300 different boys took part in hikes, some of them over night stops, for wood craft, camp craft, and nature study.

News Boys use our gym and showers and swimming pool one day a week, paying a very small fee.

Boys' game room with games such as ping-pong, cue, require, stax, canons, checkers and billiards. Boys playing over 4000 games a month. A library table with magazines, such as boys like to read.

The Triangle Club, which is composed of High School boys in the first and second years, is doing similar work as the H-Y, but on a smaller scale, and it is mainly from this group that the H-Y recruits its membership.

Game tournaments in the boys' game room of all kinds, have been held this last year, and special programs and stunts during the Christmas and Easter seasons. Hops and parties, and feeds, with stunts and songs were attended by over 700.

A great Father and Son banquet was held at which 240 boys and their dads were in attendance. A fine program was put on in the form of a pageant, showing Four Square work, in which 40 boys took part. These Father and Son Banquets bring the men and the boys closer together in a more definite understanding of each other, and proved a great help to parents.

Through the State Board of Health, the services of Frank R. Sherwood were secured, and he gave a series of health and sex talks, in which he reached over 800 men and boys, also having the opportunity of talking to the boys at the High School and the different Grade Schools.

Correspondence School courses of study to a number of men who had the ambition in spare time to improve themselves intelligently, were furnished through the Extension Division of the University of Wisconsin, and courses provided by the United Y. M. C. A. Schools.

Ex-Servicemen have been assisted in securing bonuses and travel pay, disability compensation, etc. Many of these men were helped in finding employment, some of them only temporary, but others permanent.

Chess and checker tournament on New Year's Day was participated in by 30 men, and games were also arranged with the Chess Club of Beloit for two match games.

During the past winter an orchestra was organized with 17 members with rehearsals held regularly once a week. This organization was self sustaining, the members paying for all the music and supplies.

The man behind the counter during the evening comes in contact with a large number of men with many perplexing problems. In interviewing these men on many subjects, and in talking over the things they are up against, one comes to realize more and more that there are hundreds of men who need a kind word and a helping hand.

A series of Sunday afternoon men's meetings were held this past winter in which a group of business men took active part, both as speakers and as part of the audience. The ministers of the city were also used in this way, and the meetings with instrumental and vocal music were attended by an average of 60 men each week.

Don't compromise with your conscience. You know this is a worthy work that you should support. Be prepared to give when you are asked. Campaign Starts Wednesday, Oct. 5; Ends Friday, Oct. 7.
